PRELIMINARY AMENDMENT D PRIOR TO EXAMINATIONTO THE COMMISSIONER OF PATENTS AND TRADEMARKS,
Washington, D.C. 20231

SIR:

Please enter the following amendments.

IN THE CLAIMS:

Please add the following new claims:

179. A parallel reactor for simultaneously processing
a plurality of reaction mixtures, said reactor comprising

vessels for containing the reaction mixtures,

multi-piece spindles for stirring the reaction mixtures in
the vessels, each multi-piece spindle comprising a metal upper
spindle portion, a plastic stirrer, and a coupling for releasably
coupling the plastic stirrer to the metal upper spindle portion
in a position wherein the stirrer extends down into a respective
vessel, said plastic stirrer being removable from said upper
